Source: Company information

Notes:

- The Phase 2 clinical trials have been conducted by VIR.
- The filing of EUA application with FDA for combination amubarvimab/romlusevimab has been completed in December 2021.
- Phase 1 study of BRII-732 is currently on clinical hold as part of FDA's decision to temporarily hold islatravir-based clinical studies.
- To this date, the development and clinical trials have been conducted by Qpex and AN2, respectively.
