

Getinge in brief

With a firm belief that every person and community should have access to the best possible care, Getinge provides hospitals and life science institutions with products and solutions that aim to improve clinical results and optimize workflows. The offering includes products and solutions for intensive care, cardiovascular procedures, operating rooms, sterile reprocessing and life science. Getinge has a leading position in most of the product categories offered. The company employs 11,000 people worldwide and the products are sold in more than 130 countries. Getinge has been listed on Nasdaq OMX Stockholm, Nordic Large Cap since 1993 and is included in the OMXS30 index of the 30 most actively traded shares.

The company consists of three business areas.

- Acute Care Therapies offers world-leading solutions for life support in acute health conditions. The offering includes solutions for cardiovascular procedures and a broad selection of products and therapies for intensive care.
- Life Science offers a comprehensive range of equipment, technical expertise and consultation to prevent contamination in pharmaceutical and medical device production and with the aim to strengthen integrity of results in biomedical research.
- Surgical Workflows offers products and solutions to serve as an end-to-end partner for optimizing the quality, safety and capacity usage of the sterile supply departments and operating rooms.
