

## Corporate profile

With a century-long history and a workforce of more than 38,000 people, Iberdrola is one of the leading global energy companies, a leader in renewable energy and one of the three largest companies in the world in its sector by market capitalization. The Group supplies energy to close to 100 million people and carries out its renewable energy, networks and energy commercialization activities in Europe, the United States, Brazil, Mexico and Australia, and has growth platforms in new European and Asian markets. Thanks to its pioneering commitment to renewables, Iberdrola is an international benchmark in the fight against climate change, allocating more than 120,000 million euros over the last two decades to building a sustainable energy model based on solid environmental, social and governance principles (ESG).

In the 2020-2025 period, Iberdrola will invest 75 billion euros to continue leading the energy transition and develop its growth strategy in countries with a solid credit rating and climate ambition; maximise operational efficiency and drive innovation in all its activities. This ambitious investment plan will enable Iberdrola to grow profitably, maintain financial strength, increase shareholder remuneration and contribute to sustaining 500,000 jobs worldwide.
